REPUBLIC MACHINE ANNOUNCES NEW REGIONAL SALES MANAGER, BOB SHINGLEDECKER

Louisville, KY – Jason Bradley, Vice President of Sales & Marketing for Republic Machine, Inc., is pleased to announce the hiring of Bob Shingledecker of Columbus, OH to the position of Regional Sales Manager.

Bob Shingledecker comes to Republic after 17-year career with ACS (Schaumburg, IL). Bob has a long background of Technical Sales and Service in size reduction and automation. Bob started his career in plastics with the Cumberland Engineering service department. He later ran the service center and was later promoted to Technical Service in Automation; Technical Sales in Automation; and finally New Business Development Manager for the Cumberland Engineering Recycling division of ACS.

Bob Shingledecker brings extensive technical and sales experience in the shredder and granulator market and will make an immediate impact on Republic Machine sales.

“Republic Machine has always been dedicated to meeting and exceeding the needs of our customers” comments Bradley. “Our first customer is a seasoned manufacturer’s rep sales force that supports us in our marketing efforts across the nation. Republic Machine has seen tremendous growth over the last three years and hiring Bob as a regional sales manager is the next logical step in continuing that growth pattern.”

More information on Republic Machine and its products can be found at www.republicmachine.com.
